These casters are completely stainless and come with the option of a one piece total lock brake. The swivel raceway is protected with a hooded raceway cover protecting the ball bearings and grease from getting washed out during spray downs. The smooth one-piece design of these caster rigs eliminate the amount of cracks or crevasses in which debris can build up making these an ideal caster for clean room and food grade environments.

The rear-positioned brake pedal increases the ergonomic efficiency of these casters improving the safety of the user.

Excellent for:

- Bacteria-free environments
- Hospitals
- Food service equipment
- Food processing machinery
- Pharmaceutical equipment
